

In the Figures:

Please replace originally filed Figures 2 and 4A, with replacement Figures 2 and 4A, filed herewith on Replacement Sheets (2/8) and (4/8). The amendment to Figure 2 replaces the reference numeral "102" (locating the rotatable disc) with the proper reference numeral --104-- (see support cited in Remarks, below). The amendment to Figure 4A simply removes the reference numeral "65" as it is superfluous to the particular embodiment of that Figure.
